

Company Name - G2 Software Systems, Inc.

Seaport-e Point of Contact (name, phone number, email address) - Gary Wheat, 619-222-8025 Ext 134, wheat@g2ss.com

Link to Seaport-e website, if available: <http://www.g2ss.com/Seaport/seaportHome.htm>

Brief Description of Capabilities - G2 has afforded outstanding support services to the Department of Defense for over 17 years. G2 currently supports the Space and Naval Warfare Systems Command; the Systems Support Center San Diego; and the Program Executive Office for C4I and Space. G2 has established an exemplary record for providing responsive, high quality technical and engineering services throughout SSC-SD in the Corporate Operations, Navigation and Applied Sciences, and Communications and Information Systems departments. Over the past 15 years, G2 has assembled an unparalleled professional team of software, hardware and systems engineers, who have played an integral part in the design development and fielding of software for systems such as ACMS, JMINI and RTR.
